

EVERY RESIDENT AS A SUBSCRIBER

Such Is the Goal of Lutheran Ladies' Aid, Seeking Subscriptions

RECEIVE COMMISSIONS

Resolved to secure a subscription from every home in Narberth, and thereby to earn funds for their new church, the Ladies' Aid of the Holy Trinity Lutheran Church this week began a canvass of the homes of the Borough for "Our Town."

The campaign is headed by Mrs. J. C. Van Newkirk and Mrs. Ida M. Chambley. They are aided by over a dozen other members of the Auxiliary. Efforts are being concentrated on the securing of new subscriptions, but renewals from present subscribers are also being sought.

"Our Town" is paying a generous commission to the women for this work. It is felt that every family in Narberth is willing to be a subscriber for this, their community paper. Dozens have stated that they have intended to subscribe, and would do so if approached.

In addition, there are several hundred new families, both those who have replaced older residents and those living in the many new homes erected in the past two years. If "Our Town" is extended into these homes it will not only enlarge the influence and strength of the paper, but will serve to draw these new citizens into Narberth's community life.

Present subscribers are asked to aid the church members by giving them their renewals. Even if a subscription still has many months to run, a renewal will result in an extension from the present expiration date. Renewals mailed directly to the office of "Our Town" marked "Credit Lutheran Campaign" will be applied to their commission account.

Every Narberth resident is asked to co-operate in the campaign. Both the church work and the paper itself are community projects, and their success is part of the growth of our community.

"Our Town" is a civic paper, published without profit, for the benefit of local organizations, churches, business men and all residents.

WINS RADIO PRIZE

Miss Mary Yocum, 208 Elm Terrace, Narberth, won the first prize in WLIT's Radio Recipe Contest which ended on Tuesday of this week.

Two weeks ago Miss Yocum secured one of the minor prizes, but this week she demonstrated that as a composer of original recipes she rated higher than many women who have been doing this for years.

Here is the recipe that secured the coveted first prize check for the local high school girl:

BAKED SHAD

Prepare a good-sized shad for baking and fill with the following:
2 cups stale bread, crumbed.
2 tablespoons melted butter.
1 well-beaten egg.
2 tablespoons chopped parsley.
1 teaspoon powdered sage.
Grated rind of 1 lemon.
Pinch of salt and dash of pepper.
Mix all the filling ingredients together and fill shad, then sew up with strong thread. Score the top and insert pieces of bacon, dust with salt, pepper and flour, and bake about every 10 minutes. Bake about 15 minutes to every pound of shad, garnish with slices of lemon, red radishes and parsley.

COMMUNITY CLUB TO HOLD SPRING LUNCHEON

Next Tuesday Will Be End of Season.

The Women's Community Club rounds off another successful season at its spring luncheon in the Y. M. C. A. at 12:45 P. M. (day-light saving time) Tuesday, May 11. It will be a busy and varied afternoon. As a corporation, we elect directors; as a club, we hear the reports of officers and chairmen, thereby getting a general view of the work of the year. At the end the junior department will entertain with a one-act play. You all know the luncheons that Mrs. Reinking's committee serves, so hurry your checks to Mrs. J. D. Sutherland before May 8.

Hospital Campaign Plans Nearing Completion—Final Steps Under Way

This week marked the beginning of the active organization of the force of more than 600 residents of the Main Line and adjacent territory who will carry on the campaign to raise \$1,000,000 to build and equip an addition to the Bryn Mawr Hospital.

The executive committee, composed of citizens of the hospital district, met last night at the Merion Cricket Club at Haverford and plans of the campaign were adopted. Samuel Rea, chairman of the executive committee, presided.

Robert E. Strawbridge, it was stated, had accepted the chairmanship of the memorial committee. Horace Binney Hare, of Radnor, was announced as commander of Berwyn and Paoli, and Mr. Thomas Newhall, of Ithan, as commander of the district including Radnor and Wayne.

"No subscriptions to the fund are

to be sought until the opening of the campaign in June," said Mr. Rea. "There is to be no indiscriminate canvassing, no house-to-house solicitation, and in order that residents may not be approached more than once, the executive committee has decided that no benefits, bazaars, bridge parties, teas or any other similar indirect means of obtaining funds shall be employed. Subscriptions will be obtained only through personal interviews by authorized members of the campaign."

"Instead of an emotional plea for charity," Mr. Rea continued, "the workers will appeal to the reason of the people and show them that in providing the \$1,000,000 needed, Main Line residents will be giving, not to the hospital, but to themselves. The new hospital will be merely the agency by which the subscriptions of the public are translated into hospital service for the care of those who need it."

FIRE IN GARAGES THREATENS BLOCK

Four Coal Trucks Damaged by Flames Monday.

Burgess Henry A. Frye returned from Philadelphia on the 5:41 last Monday night. As the train drew into Narberth Station he glanced out the car window. Suddenly the doors of one of the garages in the Narberth coal yard burst open and a sheet of flame leaped into the air.

Mr. Frye made a quick leap for the door of the train, jumped from the still-moving platform and made a sprint for Elm Hall. Two and a half minutes later the firemen had a stream of water on the blaze.

The fire was located in three of the small garage shacks in the yard of the Narberth Coal and Building Material Company. Four of the company's eight trucks are housed in that row. The blaze started in the largest and newest of the trucks, ignited, it is believed from a cigarette stump lying on the seat of the car when it was put away for the night.

The fire spread rapidly to three other cars, all of which were slightly damaged. The cab was burned completely off the large truck and the others were scarred. Damage to the cars is estimated at \$2000, with an additional \$1000 damage to the garages.

The quick eye of his Honor plus the prompt response of the company saved a serious blaze, for it is felt that if the fire had occurred late at night the whole block might have been destroyed.

Later that night the company was called to Ardmore to help with an \$9000 blaze in a shop on Lancaster avenue.

LIST HAYDN SYMPHONY

The Main Line Orchestra, under the direction of Adolph Vogel, will feature the "Surprise Symphony," by Haydn, at the third and last concert of the season, on May 16, at the Ardmore Theatre, Ardmore, Pa. Other works will be by Taylor, Dvorak, Suppe and Brahms. Anne Prichard, pianist, will play the first movement of the Grieg Concerto with orchestra, and a group of solo numbers in the second half of the program.

SENATOR STITES ILL

State Senator Fletcher W. Stites, of Haverford avenue, is seriously ill in the Presbyterian Hospital, following an operation for appendicitis.

Mr. Stites was operated on last Friday night. Complications set in, and for several days his condition was very critical. Reports from the hospital yesterday indicated, however, that he has apparently passed the most dangerous period of his illness.

NAVAL MAN HOME

Commander Charles H. Shaw, U. S. N., spent last week-end with his family. He is on the destroyer, Sharkey and has charge of the rifle practice of officers and men on the rifle range at Annapolis, Md.

Mr. and Mrs. Harvey B. Austin, of Essex avenue, are receiving congratulations on the birth of a son, Harvey B. Austin, Jr.

LUTHERAN MUSICAL TO BE HELD THURSDAY

Interesting Program to Feature Recital at Church.

A recital of exceptional interest will be given in the lecture room of Holy Trinity Lutheran Church of Narberth on Thursday night, May 13, at 8:15 o'clock. An unusual and most interesting feature of the program will be the numbers for two pianos, played by Miss Anne Middleton and Miss Ruth McLinn, both of Princeton. The ability of the latter as shown in enjoyable recitals for the past two years is well known to Narberth audiences.

Miss Middleton is a pupil of the great pianists Bloomfield-Zeissler and Durnp, and is not only a successful concert pianist, but a composer of great gifts.

Miss Middleton and Miss McLinn will play several numbers which have been great successes on the programs of the two piano recitals of that incomparable pair—Maier and Pattison.

A rare treat for the audience will be the singing of Mrs. Mildred Warner Baily, soprano, and Mr. Harry J. Conwell, baritone. Mrs. Baily's beautiful voice is known not only to the people of Narberth, but demands for her concert appearances in Philadelphia and vicinity are increasing steadily.

Mr. Conwell's delightful singing was such a feature of the recital given by the Lutheran Church in Narberth last year that by special request of a number of the audience he has consented to sing again this year.

ASH COLLECTION

Highway Department Warns of New Schedule.

The highway department of the borough wishes to remind all householders again that the winter schedule for the collection of ashes will end on May 15 and that from then on, until October 11, the ashes will be collected only once a month, on the weeks of June 21, July 26, August 23 and September 20.

It would be well to clip out this item and pin it up in the cellar so as to know, through the summer, the exact weeks in which collections will be made, because anyone who does not get his ashes and rubbish out on those weeks would have to wait a full month before another collection would be made.

1000-Room Hotel in Narberth During Centennial Exposition

Next Monday Narberth will celebrate an anniversary. Perhaps we should call it a celebration, for there will be no bands and speechmaking. But it is the birthday of an important event.

On May 10, 1876—fifty years ago—a giant hotel of 1000 rooms capacity was opened in Narberth, then known as Elm Station. This structure was one of the largest of the hostleries catering to Centennial visitors.

Few living hereabouts remember the hotel. It was destroyed by fire shortly after the exposition. It stood on the south side, near

NARBERTH COMMUNITY BUILDING DEDICATED WITH ALL DUE CEREMONY

Keys Travel from Hand to Hand, Finally Delivered to Library, Girl Scouts and Legion.

Favored by as beautiful a May Day as ever came over the horizon, the new Community Building—the new home of the Narberth Community Library, the Girl Scouts and the American Legion—was formally dedicated and opened to the public last Saturday afternoon. The ceremonies were held on the steps, the walks and open space in front of the building and were attended by a goodly number of citizens.

A. C. Shand, representing the trustees of the late Y. M. C. A., spoke first, and told how the sale of the old Y. M. C. A. building had provided the money which paid for the construction of the new building. He spoke of the many improvements and developments that had come in Narberth, and then as a formal act of transferring the building to the community, he presented the keys to the building to Burgess Henry A. Frye, who also spoke briefly, thanking Mr. Shand on behalf of the citizens, and in turn presented the keys to C. Howard McCarter, representing the Recreation Board, which has general supervision of the playground. Mr. McCarter then presented the three bunches of keys to the representatives of the three organizations that are to occupy the three sections of the building. Mrs. Ruth Haws Nash responded for the Girl Scouts; W. R. O'Sullivan for the American Legion, and Mrs. Elizabeth K. Wood for the Community Library.

Mrs. Wood, in accepting the keys for the library's new home, spoke as follows:

Librarian's Address.

"A little more than five years was all that was required to develop our windowless library of 18 books to the 5000 volumes that are now housed in that part of the building today being dedicated to library service. And it has been progress every step of the way—not a brilliant and spectacular success, but a slow-growing, deep-rooted organization that has permitted no setback and has responded to every favorable condition."

"When the windowsill of the bungalow, where the library originated, became inadequate, the lobby of the Y. M. C. A. building was opened to us through the influence of Mr. Augustus J. Loos and those men who today have made this building possible. When the Y. M. C. A. lobby became inadequate, the Merion Title and Trust Company, who had then taken over the building, opened the doors of the gymnasium and we poured in there."

"Today we dedicate our new and permanent quarters. Today we begin by our words, and especially by our actions, to express our appreciation for the confidence which these men have placed in us and in our work, for it is to our work that this building is being dedicated—our work, which is the library. For, after all, a library is not a building, though it needs one for its greatest development. Rather, a library is a collection of books and the service which makes those books available to the entire community."

"This library has been created by the faith and loyalty and devotion of all those women at first drawn from members of the Women's Club who, with enthusiasm and zeal, in warm weather and in cold, on clear days and in storms, have been found at their desks, performing their appointed duties with the fervor of a volunteer and with the conscientiousness of an employee. "This library has been created by the faith, loyalty and devotion of all those who, from the beginning, have seen with us the vision and in their various capacities have contributed, as they were able, financial support, physical aids, words of encouragement and approval."

"This library has been created by those who have used it frequently, who by their demands upon it have helped to raise its standard; by those who have been patient with our limitations, who have given us understanding and sympathy in the difficulties under which we have labored."

"Therefore, this section of the building today given us by this public-spirited group of men, I accept

for library service in the name of the library staff, in the name of the Library Association and in the name of the whole community of Narberth."

Many representatives of the three organizations were in attendance, including a large group of Girl Scouts in uniform.

At the conclusion of the ceremony the entire building was open for inspection, and each of the organizations held informal receptions at which light refreshments were served.

Everyone who attended the celebration was delighted with the new building and there was a general feeling that Narberth had acquired another very fine community institution.

The library, occupying the centre wing, was furnished completely with the new shelving, tables, desks, etc., made possible by generous contributions received from interested citizens. All the books had been moved from the old quarters the day before and arranged in the new shelves, making a very impressive and pleasing sight. The library was open for "business" for the first time this past Monday afternoon.

TEACHING NOVICES IS NO HOLIDAY

So Asserts Facetious Tennis Scribe in Letter.

Dear Doc:

I see by last week's "Our Town" that the Tennis Club is to have a Novice Day, May 31. But that's a holiday, and it seems to me if I know anything teaching novices isn't going to be any holiday. And the paper said you would give out the information. Does anybody want it? and they were to come in and ask you; well, what do you know?

But I don't want any information. I want to tell you something. Where in this day and generation do you expect to find anybody to own up that he's a novice at anything. They'll come wandering in your store at the wife's orders to find out about it and casually look around and then ask for a box of Becham's pills, or a bottle of Castoria, or a package of chewing gum, and then go out and tell the wife that you don't know much.

So why not get some cards printed telling about the thing and they can buy the pills, or etc., and nonchalantly pick up the cards. And then they won't have to ask you nothing. But they can if they want.

And I'm coming out, Doc. I want to meet this fellow Walter Irwin. He's a new one on me and if he's Chairman of the Grounds Committee whatever became of Walter Cowin? I'll bet this Irwin isn't in a class with Walter Cowin.

Too, I want to see Walter Shaw. Does he still play on all the courts at once? I don't mean still; that wouldn't be Walter.

And Roy Williams, in his Wills St. Claire, ought to shape up well, specially when he swings that vicious back hand.

You know, Doc, I have been traveling around a lot lately; been in a good many towns and always was curious to look over the tennis courts if any, and I can say nobody has any that beats ours. Ours are as good as any and better than most.

And I can't forget when I first came to Narberth and joined the club; it wasn't any time before I seemed to know about half the people in town. And that's one of the reasons I'm coming out so as to help make all the newcomers cease to be strangers.

I got a couple of rackets that my wife and boys have been using and I'll bring them along, and I know that I'm going to have a holiday. And I'm going to do my whooping best to see that these novices have a good time.

Gosh, if they only know what fun it is to play tennis and how much good it does you the club grounds won't hold half the people who will want to try it.

So I'll see you there.

JOE.

ST. MARGARET'S MINSTRELS
ENTERTAIN COACHJohn J. Cabrey's Vocal Rendition a
Complete Surprise to All.

William Lawrence, coach of St. Margaret's Minstrel Troupe, was tendered a surprise testimonial dinner at the Manufacturers' Club, Philadelphia, on Tuesday evening last. The affair, which proved to be a most pleasant one and complete surprise to Mr. Lawrence, was quite informal and was attended by the entire troupe. The details of the dinner were taken care of by old reliable "Charlie" Chain, who looked after everything in his usual efficient way.

After partaking of the good things to eat, John J. Cabrey assumed the role of an impromptu toastmaster, in his own incomparable manner and, after eulogizing Mr. Lawrence, Mr. Cabrey called on each of the boys to say some nice things about "Bill" Lawrence, which they all did in a very effective manner.

Among the speeches, the one made by John B. Keenan, Jr., was outstanding in a rhetorical sense, and we are glad to note that another orator has sprung up in our midst.

After all the boys had taken a "shot" at Mr. Lawrence, he was presented with a beautiful traveling bag as a token of his esteem. In addition to this, he was the "victim" of a very useful kitchen shower, the personal gift of Joseph S. Dougherty.

Thomas A. Quinn, musical conductor of the Minstrel Troupe for the past four years, was the recipient of a handsome gold-mounted fountain pen in appreciation of his ever zealous and untiring work—for his was no small job.

Needless to say, both Messrs. Lawrence and Quinn were non-plussed and profuse in their appreciation, and for once in their lives they sent out S. O. S. calls.

The remainder of the evening was given over to singing and having a jolly good time.

Among the vocal renditions the one given by Mr. Cabrey proved to be the high light of the evening. Mr. Cabrey, whose forensic ability has been displayed on numerous occasions, sang a composition of his own, entitled, "The Stories My Mother Used to Tell Me." The words were very beautiful, but while he has a voice of excellent timbre, we will leave it to your imagination. Suffice it to say, the concert stage has been the loser by his decision to confine his endeavors to mercantile pursuits.

After a thoroughly enjoyable evening the boys wended their way home ward—sine die.

EXPECT THOUSANDS TO JOIN

Busses and automobiles from Philadelphia and automobiles from Pittsburgh, Harrisburg, Erie and many other points in the State, representing a majority of the 67 counties, will convey "Get-out-the-Vote" leaders in the League of Women Voters' pilgrimage to Valley Forge on May 11, according to plans decided last week.

Hundreds of automobiles and thousands of women are expected to make up the pilgrimage. The pilgrimage is for the purpose of getting the largest possible total of men and women voters to go to the polls on primary election day, May 18.

The Choir of the Methodist Church will be augmented by a young people's chorus for the musical service on Sunday evening at 7.45.

OFFICERS RE-ELECTED

C. H. Ludington Gives New Library
Building.

The annual meeting and election of officers of the Bryn Mawr War Memorial and Community House Association was held at the Memorial building on Thursday evening, April 29.

Mr. W. J. Wilson, chairman of the Nominating Committee, read the ballot and an opportunity was given those who had not voted to do so. Mr. George F. Curwen was appointed judge of the election. Mr. Thomas A. Ryan and Mr. William Hower, the tellers, announced that the officers were unanimously re-elected as follows: Mr. Alfred M. Collins, president; Mr. Philip A. Hart, vice-president; Mr. T. W. Hammonds, secretary; Mr. C. C. English, treasurer.

The directors elected are as follows: Mrs. Alexander Brown, Dr. Walter Christie, Mr. Van Horn Ely, Mr. William L. Hirst, Miss Helen Biddle, Mrs. J. Henry Longmaid, Mr. Alfred C. Maule, Mr. Sydney Thayer and Mrs. W. J. Wilson.

The matter of building a swimming pool on the association's grounds was recommended by Mrs. Hornell Hart, chairman of the Activities Committee, followed by an open discussion. Power was given to the president to appoint a committee to look further into the matter.

The treasurer's report showed a balance at the end of the year 1925 of \$1659.74 and liabilities amounting to \$11,500. The liabilities include a \$10,000 mortgage on the property, a bank loan of \$1000 and a personal loan of \$500.

Mrs. J. Stanley Reeve, chairman of the Library Committee, reported that a new building had been donated by Mr. Charles H. Ludington. The new building will probably be ready for use in September and will contain a separate room for children.

FEW UNDER 20 IN YEAR

Flip youths and flapper girls fitting into criminal situations. The average criminal age from prison statistics of 1925 is in the neighborhood of 30.

Of the 218 prisoners sentenced to the Montgomery county prison during the last year only 14 of them were under 20 years of age; 85 were between the ages of 20 and 30, and 68 were between 30 and 40, while the number between the ages of 40 and 50 dwindled to 37, and only 14 were beyond the 50-year mark, indicating that there are as many "old men" criminals, at least among the captured, as there are boy desperadoes.

Average 1104 a Year.

In the 74 years of the existence of the Montgomery county prison there have been 81,713 persons confined there, for an average of 1104 a year. In the first year there were 194 inmates for the entire year. The smallest number of prisoners received was 129 in 1853, the greatest number, 3596 in 1885. Last year the number was 939.

In 1872 the number passed the 1000 mark for the first time jumping from 492. In only three years was the number more than 3000, and only five other years more than 2000.

GENEROSITY CONTINUES

Library Equipment Fund Assures
Financial Solvency.

Contributions continue to come in to the fund that is being raised to pay for the new equipment for the Community Library, now established in the new Community Building on the playground. Several of these contributions were made following inquiries as to whether any more money was needed. In view of the fact that there may be still others who will be glad to contribute to the fund it is deemed advisable to state that a small balance remains to be raised before the fund will be large enough to pay for all the new equipment. Any additional contributions will, therefore, be welcome.

Contributions received during the past week and the status of the fund follow:

Milk Control Report Shows Great Progress Made By Board In Its Work

Progress toward cleaner and better milk for the Main Line was seen by Dr. George W. Grim, in commenting upon this month's report of the milk control board. He called attention to the fact that recent examinations of the milk supply of this district show that the dairies are in excellent condition, and that the average bacteria count is probably lower than it has ever been since the formation of the Milk Control Board.

The regular reports have been received from the Philadelphia Milk Commission on analyses of Certified Milk, Physical Inspection of cattle producing Certified Milk and Physical Examination of Certified Dairy employees. The sanitary condition surrounding the production of Certified Milk was found to be satisfactory. A suggestion was made for the bottling of the interior of the painting room at the Wawa Dairies. Five cows affected with disease of the udder were removed from herds producing Certified milk. Reports have been received upon the examination of forty-six samples of Certified milk, the average bacteria count of these samples being 1559.

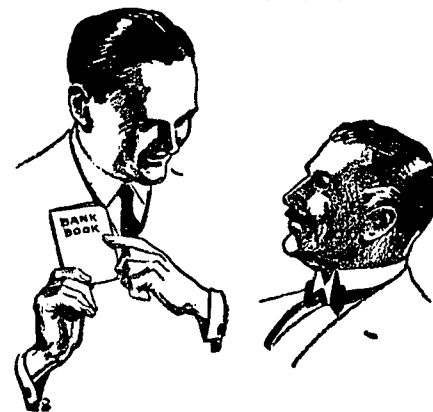

Equally good conditions were observed in the inspection made of plants producing inspected raw

milk. The conditions surrounding the production of inspected raw milk at the Brookmead Farm were satisfactory. The interior of the buildings had been recently painted and the herd was found to be in good physical condition and the methods followed in milk production conformed to the standard requirements. At the Ardrossan Farms it was again noted that the cows were not properly cleaned before milking.

New covers have been provided for the milk cooler at the Valley Farms. Some delay has occurred in the removal of the manure from the vicinity of the milk barn. This matter has been taken up with the management, who agrees to take the necessary steps to remove manure to the fields daily.

A number of changes have been made in the herd of Mr. Emmons at Newtown Square. Although Mr. Emmons has been called upon to do so he has failed to report the tuberculin test of these animals to the milk control office. A suggestion for the location for the new bottling establishment has been made to Mr. Emmons.

At the Porter Farms it was found that a person had been temporarily employed in the dairy without being qualified by health certificate.

EVERY WEEK I ADD TO
MY BANK BALANCE

By following this systematic saving plan, I always have a neat balance to my credit when I need money for some special purpose. A haphazard plan of saving will never accomplish anything, as I found to my sorrow. It is the certain amount every week that counts. Try it once.

The early switchboards made it possible for one "private line" to be "switched" to another, thus making inter-communication of a sort possible. The modern Telephone Central Office has become possible only through thousands of improvements developed during the fifty years since the telephone was invented.

INTER-COMMUNICATION

The first two telephones in Pennsylvania were on a "private line," each connecting only with the other.

So it was with the next two; and the next.

Inter-communication between *all* telephones in the community came only with the first switchboard, in 1878.

To many people the continued development of this switching apparatus is the outstanding accomplishment of fifty years of telephone history.

They shake their heads at the thought of an ordinary conversation between two cities three or four thousand miles apart, and wonder at the strides of Science. But perhaps their sense of mechanics is most confused in considering the switchboard complications involved in the connection of any two telephones—"anywhere, any time"—without interference or confusion of the thousands of other calls being made simultaneously.

In cities like Philadelphia, Pittsburgh, Scranton, and Harrisburg the most ordinary local call may pass through two "private branch" and two "Central Office" switchboards. A toll call from any point in Pennsylvania may pass through four or five central office switching mechanisms.

To match with improvement and simplification the inherent complexities which accompany telephone growth is an undertaking which becomes more difficult each year.

Yet, at the present time, the general speed and reliability of connection are continually climbing, and the next ten years will show further attainment that should make the present service seem only commonplace.

GIRL SCOUT NEWS

The new Girl Scout headquarters
were dedicated last Saturday af-
ternoon and the first meeting to be
held in it was this week.

It has long been the hope of our
troop to own a home of its own
and to be able to furnish it so that
the patrol "corner" could be equip-
ped with tables and chairs. At
last, we have been able to accom-
plish this. The chairs were pur-
chased from money earned by the
Scouts and the tables were the gift
of Mrs. John Gilpin, Jr., a lieuten-
ant of the troops.

A large part of the work accom-
plished in a Scout meeting is done
in the patrol "corners." However,
up until now we have never been
able to have the necessary furni-
ture.

The establishment of uniform
"corners" was not the only differ-
ence in this meeting. Each patrol
now has a portion of the wall on
which they may post any patrol
news. There will also be a bulletin
board which will contain any in-
formation for the troop in general.

If the patrol leader so desires she
may call a meeting of her patrol,
which may be held in the Scout
headquarters, not only on Scout
meeting night, but during the re-
mainder of the week.

The first meeting was a great suc-
cess and we hope to accomplish ever
so much more work in our new
Scout house.

The Junior Dramatic Club, under
the direction of Miss Yarnall, is to
give two plays in assembly in the
near future; their titles are "Never-
the-less" and "The Flower Show."

Friday in assembly the much-de-
layed Sesqui speaker arrived and
gave us a very enlightening talk.
The pupils who are writing papers
on the subject have been given un-
til next Wednesday to complete
them. The extra time is allowed in
order to obtain, if possible, addition-
al material from the address.

Saturday Mrs. Elsbree and Miss
Church are taking a large party
from the ninth grade class to the
Public Ledger Building.

The baseball team traveled to
Montgomery and battered their way
to a 16-0 victory. Burgess, of Nar-
berth, was the outstanding player
of the day, pitching a no-hit, no-run
game. His support was also good,
the team having made no errors.

The next game is with Norristown,
May 14, at our grounds, and we
hope to avenge the defeat we receiv-
ed at their hands when we played
up there.

On Saturday, May 1, Narberth
sent three representatives to the
Collegeville-Montgomery county
May Day exercises at Collegeville.

The meet included exhibitions of
school work, as well as athletic com-
petition. Singing and spelling
contests took place. Narberth did not
send many representatives. This
was a great handicap as all the
points counted in the final standing.

We did very well, however, despite
this handicap.

Robert Sigel, a ninth grade pupil,
was high individual scorer, with a
total of 17 points. He won first
place in shotput and high jump, do-
ing 31 feet six inches, and four feet
six inches, respectively. Bob made
a jump of 14 feet to win second
place in the running broad jump.

Keim placed second in the 75-
yard dash against a fast field of 12
starters.

Peters did not do so well owing
to illness due to the long ride on
the train. However, he added to
the points by taking third place in
the broad jump with a leap of 16
feet.

The three athletes made 17 points
to get second in Class C division of
high schools in the county, thus
winning a banner. The team was
accompanied by Coach Oerlein, who
is proud of their work.

The total receipts from the oper-
etta amounted to \$220. After all
expenses are paid there will be a
substantial balance for the use of
next year's clubs. Jack Walsh sold
81 tickets. He outclassed all others
in this respect. Others who sold 10
or more tickets were Phyllis Grant,
21; Jean Staples, 16; Betty Jones,
15; Helen McCracken, 10.

The lunchroom assistants to the
number of 12 were the guests of
Miss Eames on Friday at a circus
party.

The fifth period closed on April
30. Report cards were issued to
pupils on May 7. Six weeks of
school remain. Final examinations
will begin about June 1. Gradua-
tion exercises will be held on Thurs-
day, June 17.

RECREATION BOARD MEETS

Plans Completed for Baseball Season
on Playground.

The Narberth Recreation Board
met Monday night to go over
plans for the season with repre-
sentatives of the baseball team.

Permission was granted to the
club to play on the field, to lay out
a new diamond and to erect grand-
stands. Plans are under way to
raise money for a permanent
structure.

The board also granted permis-
sion to the War Memorial Com-
mittee to erect a memorial tablet
in front of the Community build-
ing.

Plans for this memorial will be
announced in the columns of "Our
Town" next week. The dedication
of the tablet will be made on Me-
morial day, as a part of the an-
nual celebration.

"Personality Test" Applied to Candidates at League Luncheon

A "personality test" was applied with varied and interesting results last Thursday when nearly 600 Montgomery county women, members of the League of Women Voters, had a "close-up" view and heard first-hand information of the candidates for whom they will be asked to vote at the primary election, May 18.

The gathering at which the women put the magnifying glass on the qualifications of expectant office holders was the annual spring luncheon of the county league of women voters, held at the Whitemarsh Country Club.

Nineteen Narberth women were in attendance, making the trip by automobile.

While the ballot "report cards" at the primaries will give the detailed rating of the office seekers in the final test, the gathering both of women and candidates was significant of the unusual enthusiasm and interest being shown in this year's election by the women.

More than 20 candidates for national, State and county offices were heard. Franklin Spencer Edmonds represented Senator George Wharton Pepper, detained in Washington. Governor Pinchot and William S. Vare were present in person.

Miss Gertrude Ely, of Bryn Mawr, county chairman, in introducing the speakers, told of the duties of each office, continuing the league's policy of education along non-partisan and all-partisan lines. She also gave a "who's who" of the candidates.

Speaking for Pepper, as a United States Senator from Pennsylvania, Edmonds praised his devotion to public service, his fairness and his convictions.

Governor Pinchot was warmly greeted and stated his two definite issues were "anti-gang and anti-booze."

Congressman Vare pledged himself as a representative of the working man as Senator and recounted his 14 years in Congress and the political history of the Vare family.

Three for Each Democrat. William B. Wilson, Democratic candidate for United States Senator and Secretary of Labor under President Wilson, laughingly remarked: "There is only one Democrat to at least three Republican parties this year, but the Democrats are still with us." He gave his platform on current problems of Government, particularly decrying American isolation with world Powers.

Three candidates for the office of Governor were present.

John S. Fisher, Republican, of Indiana county, pledged his support to all matters pertaining to the betterment of conditions for men, women and children of the Commonwealth.

Judge William E. Porter, Democratic candidate, and George L. Pennock, prohibition candidate for Governor, also were heard.

Other Speakers.

C. J. Esterly, of Reading, Republican candidate for Lieutenant Governor, was the only candidate who spoke of the 10 running for that office. Mrs. Frances Moser Hocker was present, but was obliged to leave early. None of the candidates for Representatives in Congress were present.

Other candidates who spoke included: For State Senator, James S. Boyd, Benjamin F. Ludlow and Burd P. Evans; Legislature, First district, Republican, Joseph J. Skelton; Democratic, Edward S. Haws; Republican, Third Assembly district, Robert Campbell Ross; Democratic, Third Assembly district, Thomas L. Rutter; Republican, Third Assembly district, C. E. Tomlinson; Socialist, Third Assembly district, Darlington Hoopes.

A telegram of regret was read from Congressman Henry Watson. Assemblyman George M. Fratt was detained in Harrisburg.

Miss Ely in presiding was firm in her time limit for the speakers, but it was 5 o'clock before the last candidate had been heard. The morning session began at 11 o'clock, after which luncheon was served. Mrs. Herman L. Schwartz, legislative chairman, spoke of the summer league program and also of the legislative mite boxes which finance the county league representation as observers at the legislative sessions.

The meeting was the largest held in the history of the county league.

Beginning in May, the first county-wide membership drive was inaugurated for Montgomery county. The drive is in charge of Mrs. John Y. Huber, Jr., of Ardmore, vice chairman of the County Board.

Mrs. Huber has gathered together a very efficient organization. Mrs. David Soliday, of Merion, is the captain, and among the lieutenants are Mrs. Guier Wright, of Rosemont; Mrs. Dudley Guildford, of Haverford; Mrs. William Paton, of Cynwyd; Mrs. Alexander Dickson, of North Ardmore, and Mrs. John Williams, of the "Haverford-West Ardmore" League, and Miss Mary Miller, of Norristown. The drive has already begun and the objective for the week's work is 500 members. Final instructions were given at a large meeting held at "Wyndham," the home of Miss Gertrude Ely, of Bryn Mawr, on May 4, at which were present, in addition to the officers in charge of the drive mentioned above: Miss Delaplaine, Merion; Mrs. E. B. Wilford, Merion; Miss Anne Forstall, Rosemont; Mrs. J. Aubrey Sutton, Mrs. O. F. McCormick, of North Ardmore; Mrs. B. G. Calder, Mrs. G. G. Urquhart, Mrs. H. A. Foster and Mrs. H. H. Parcher, of Cynwyd; Mrs. Paul Monaghan, of Merion; Mrs. J. Archer Rulon, Mrs. Hugh Wilson, of Haverford, and Mrs. John Y. Huber, Mrs. Herman Schwartz and Mrs. Edward Lafitte, of the County League.

Honored at Birthday.

An event of unusual interest took place in the Presbyterian Church on Wednesday afternoon, when the Women's Missionary Society held its monthly meeting and heard an inspiring talk on the work in Brazil by Miss Williamson, for many years a missionary to that country.

What made the day unusual was that it was the birthday of one of the oldest and best-loved members, Mrs. Amanda Caldwell, and after the meeting was over, a birthday party was given in her honor.

Mrs. Haws, the president of the Missionary Society, was unable to be present but she had sent a beautiful basket of flowers to be presented to "Grandma Caldwell," as she loves to be called by her many friends of all ages.

An elaborate and delicious birthday cake, with eighty-one candles and bearing the word, "Grandmother," was brought in, cut and served with ice cream to the large number of guests, all of whom gave hearty congratulations and best wishes for Mrs. Caldwell, who seemed happy and pleased with the unexpected celebration.

The Story That Will Inspire More Than 600 of Our Own People To Work For Your Benefit

WHY are more than 600 of our own people of the Main Line and adjacent territory uniting to raise at least \$1,000,000 to build and equip an addition to the Bryn Mawr Hospital? What is inspiring them to pledge their time and effort in this movement to protect health and life?

Facts. Here they are briefly.

The Bryn Mawr Hospital has only 1.8 beds for every thousand people in our hospital area, which includes the whole Main Line and the large territory adjacent to it.

This serious shortage of beds was revealed in a survey made by one of the foremost hospital consultants in the country, who recommended a much larger hospital, completely equipped to serve the needs of the 80,000 people dependent upon it.

With a new section for children, ample wards, private and semi-private rooms, and four operating rooms, our enlarged hospital will have every facility for completeness and efficiency in hospital care.

To build and equip it will cost \$1,000,000. I believe every thoughtful citizen will consider it his privilege as well as obligation to do his full part to provide this community fund for community health.

Shouldn't each one of us be glad to subscribe liberally, first to protect ourselves and our families, and next to be a real friend to those who can't pay when they need to be healed?
